

# Viox Services

An EMCOR Company

## Landscaping & Grounds Maintenance Services

## Local Presence, National Reach

A wholly owned subsidiary of EMCOR Group, Inc., Viox combines the personal attention of a hometown contractor with the problem-solving resources and expertise of a national firm. Backed by 60 years of experience, **we offer high-quality construction, electrical, plumbing, grounds maintenance, and HVAC services, as well as integrated facilities management.**

To all of this, we add EMCOR's financial strength, worldwide knowledge transfer network, and broad range of cross-industry solutions that effectively address today's most significant facilities challenges. The result is a one-stop solution for a full range of facilities needs.

## Your single source for landscaping services that support your business instead of draining your bottom line

When you need landscaping that enhances your facility's overall appearance and effectively promotes your organization's public image, **Viox can provide the complete design, installation, and maintenance solutions you need.** Our licensed landscape architects have the visual expertise and long-term experience required to create award-winning landscapes, hardscapes, water features, bio-system components and other applications, while incorporating a wide range of innovative, cost-effective installation and maintenance features.

Once a design has been developed, our installation technicians provide expert implementation, ensuring that the design you want is the design you get. By combining their extensive economic and ecological expertise with careful attention to detail, they can present your business and its facilities to your customers, employees, and community with impressive impact and heightened appeal. The result is facilities and grounds that support your business instead of draining your bottom line.

Our certified, licensed, and bonded landscape experts self-perform all of our landscaping services. That means you can **count on reliable, high-quality service and courteous attention** from professionals experienced in working with a range of clients, from corporate executives to elderly long-term care residents.

# Think end-to-end services

## A consistently strong, stable corporate image; ongoing investment protection and enhancement

When you have an established landscape, our licensed maintenance technicians can maintain it in premier condition. By responding appropriately to your site-specific biological, ecological, and seasonal factors, they ensure a consistently strong, stable corporate image, while delivering ongoing protection and enhancement of your investment in this significant asset.
